Adshel Commissions First Bus shelter

Perth, Western Australia: 8th February 2017 – Mr. Victor Rosenberg, Executive Chairman of ClearVue Technologies Ltd advised the market that Adshel has commissioned a working bush shelter. Located in Port Melbourne, Australia, this bus shelter presents the opportunity to demonstrate the practical applications for the ClearVue Technology in a real-world environment.

Mr. Rosenberg commented “this is a major milestone for our business and opens up doors to other businesses. We now have a real-world reference site for our technology application, a business objective for some time now.”

About Adshel - Adshel is wholly owned and operated by APN News & Media, Adshel is one of the most recognised names in street furniture and a key player in the out-of-home media market, reaching 92% of Australia 68 times a fortnight. Source: www.adshel.com.au

About ClearVue Technologies

ClearVue Technologies is at the forefront of advanced glazing technologies. Using a patented nano technology solution, ClearVue has the ability to generate electricity from a flat sheet of glass whilst maintaining the transparency of the glass.

Our technology presents a paradigm shift in the way glass will be used in building construction, automobiles, agriculture and specialty products. Glass will no longer just be a component of construction, glass now has the potential to be renewable energy resource.

Our Vision – We see a world where consumers are part of the energy solution.
