ClearVue Awarded \$1.6 million in Federal Government Grant

Perth, Western Australia: 9th February 2017 – Mr. Victor Rosenberg, Executive Chairman of ClearVue Technologies Ltd advised the market that ClearVue Technologies has been awarded a Federal Agricultural development grant to the total of \$1.6 million dollars over four years.

As part of an AusIndustry –CRC Project, the grant is to further develop ClearVue’s ability for protected cropping in a greenhouse environment.

This is a major milestone and recognition for our Technology at the highest level.

About ClearVue Technologies

ClearVue Technologies is at the forefront of advanced glazing technologies. Using a patented nano technology solution, ClearVue has the ability to generate electricity from a flat sheet of glass whilst maintaining the transparency of the glass.

Our technology presents a paradigm shift in the way glass will be used in building construction, automobiles, agriculture and specialty products. Glass will no longer just be a component of construction, glass now has the potential to be renewable energy resource.

Our Vision – We see a world where consumers are part of the energy solution.
