

ASX Release | ClearVue Technologies Limited (ASX: CPV)

Quarterly Operational Update & Appendix 4C

Highlights

- ClearVue provided an update on the Warwick Grove Shopping Centre Trial
- ClearVue appointed European Communications Adviser
- ClearVue showed at largest US Architectural Expo
- ClearVue signed an Agreement with Arup to develop its Smart Façade Concept
- ClearVue signed an agreement with BeyondPV of Taiwan to secure its supply chain

31 July 2019: Smart building material company ClearVue Technologies Limited (ASX:CPV) (**ClearVue** or the **Company**) is pleased to provide its quarterly cash flow and activities summary for the period ending 30 June 2019.

Operational Update

ClearVue has entered new markets with the listing of the Company on the Frankfurt Stock Exchange as part of a larger strategy to increase its profile in the European region.

ClearVue provided an update on the Warwick Grove Shopping Centre Trial

On 10 May 2019, the Company updated the market on works completed on the Warwick Grove Shopping Centre demonstrator site.

Since announcing completion of the works, the demonstration site has generated the power expected for the Autumn and Winter months, with the site otherwise operating without interruption since completion of such works. The Company looks forward to keeping the market updated on the trial, especially as we move into the warmer months in the latter half of the year.

ClearVue appointed European Communications Adviser

Following the Company’s dual listing on the Frankfurt Stock Exchange, ClearVue appointed Deutsche Gesellschaft fur Wertpapieranalyse GmbH (**DGWA**) as its investor relations advisor in Europe.

US Visit - ClearVue showed at largest US Architectural Expo

A large focus for ClearVue this quarter has been a focus on taking further steps towards market entry in the United States of America.

To this end, during the period 6-8 June 2019 ClearVue exhibited its technology and products for the North American market at the Architecture Expo component of the American Institute of Architects’ *A’19 AIA Conference on Architecture 2019* in Las Vegas, Nevada USA at the Las Vegas Convention Centre. ClearVue’s exhibit was displayed in the ‘Sustainable Pavilion’.

The A’19 Conference and Expo attracted one of the largest annual gatherings of architects and design professionals in the United States of America. The Expo component was focused on introducing US and international architects and designers to the latest products and technologies in construction.

The show has been a great success for ClearVue with many new opportunities now being explored within the US.

In addition to the Conference and Expo itself, ClearVue used the US visit to meet several parties interested in working with or collaborating with ClearVue in different capacities who flew into Las Vegas for meetings with the company.

The Company also took the opportunity to meet with the testing team at UL (www.ul.com) for an update on certification testing completed and to agree testing protocols for the ClearVue product. The Company looks forward to keeping the market updated on the certification testing as it progresses.

ClearVue signed an Agreement with Arup to develop its Smart Façade Concept

On 11 July 2019 the Company announced that it has signed a Consultancy Agreement with the world-leading firm of planners, designers, consultants and engineers including façade engineers, Arup Australia Pty Ltd (**Arup**). The consultancy extends the range of work ClearVue is doing with Arup beyond the power and performance modelling work previously announced.

Arup’s façade engineering team led by Haico Schepers (in conjunction with engineering staff and students from the University of Sydney engaged through Arup) will work with ClearVue on the development of 4 design typologies of ClearVue’s Smart Façade concepts in an approximately 5-month program.

The intended outcome from the project will be 4 prototyped design concepts that can be supplied to selected manufacturers for prototyping and integration into mass production and assembly. Under the Consultancy Agreement all intellectual property in the new façade design typologies for ClearVue’s solar PV IGU will be owned by ClearVue.

Indicative ClearVue Smart Façade design concepts.

ClearVue signed an agreement with BeyondPV of Taiwan to secure its supply chain

On 15 July 2019 the Company announced that it has signed an MOU with BeyondPV Company, Ltd of Taiwan (R.O.C) (**BeyondPV**).

BeyondPV is a leading developer and designer of photovoltaic technologies including monocrystalline Si and CIGS solar panels and modules with high conversion efficiency for use in power generation.

Under the terms of the MOU and proposed formal OEM Supply Agreement BeyondPV will design, manufacture and supply to ClearVue and to ClearVue's licensed manufacturers solar PV strip modules for use in ClearVue's solar PV IGU's, windows and smart façades.

BeyondPV factory in Tainan, Taiwan (R.O.C.)

Corporate & Financial

As at 30 June 2019, the Company had a cash balance of approximately AUD\$1.4 million. The Company is anticipating it will receive an R&D tax refund in the second half of this year. Please refer to the quarterly cashflow report (Appendix 4C attached) for further information.

Chairman's Comments

Commenting on the June quarter, Executive Chairman Mr Victor Rosenberg said:

“The June quarter for ClearVue has seen the company focus on preparing for and attending the Las Vegas trade show and US trip, additionally we have taken a number of steps towards increasing market awareness in Europe following our listing on the Frankfurt Exchange including preparing for an awareness roadshow organized with the assistance of our European investor relations firm DGWA. We look forward to advising on the progress of this trip in due course. The balance of our time has been spent working on building out and increasing the strength of our supply chain. We look forward to being able to announce the progress we are making in this regard in coming months.”

About ClearVue Technologies Limited

ClearVue Technologies Limited (ASX: CPV) is an Australian technology company that operates in the Building Integrated Photovoltaic (BPIV) sector which involves the integration of solar technology into building surfaces, specifically glass and building façades, to provide renewable energy. ClearVue has developed advanced glass technology that aims to preserve glass transparency to maintain building aesthetics whilst generating electricity.

Solar PV cells are incorporated around the edges of an Insulated Glass Unit (IGU) used in windows and the lamination interlayer between the glass in the IGU incorporates ClearVue's patented proprietary nano and micro particles, as well as its spectrally selective coating on the rear external surface of the IGU.

ClearVue's window technology has application for use in the building, construction and agriculture (amongst other areas).

ClearVue has worked closely with leading experts from the Electron Science Research Institute, Edith Cowan University (ECU) in Perth, Western Australia to develop the technology.

Notes

1. The quarterly report provides a basis for informing the market how the entity's activities have been financed for the past quarter and the effect on its cash position. An entity that wishes to disclose additional information is encouraged to do so, in a note or notes included in or attached to this report.
2. If this quarterly report has been prepared in accordance with Australian Accounting Standards, the definitions in, and provisions of, *AASB 107: Statement of Cash Flows* apply to this report. If this quarterly report has been prepared in accordance with other accounting standards agreed by ASX pursuant to Listing Rule 19.11A, the corresponding equivalent standard applies to this report.
3. Dividends received may be classified either as cash flows from operating activities or cash flows from investing activities, depending on the accounting policy of the entity.
