<sup>1</sup> "Corporate governance statement" is defined in Listing Rule 19.12 to mean the statement referred to in Listing Rule 4.10.3 which discloses the extent to which an entity has followed the recommendations set by the ASX Corporate Governance Council during a particular reporting period.

Listing Rule 4.10.3 requires an entity that is included in the official list as an ASX Listing to include in its annual report either a corporate governance statement that meets the requirements of that rule or the URL of the page on its website where such a statement is located. The corporate governance statement must disclose the extent to which the entity has followed the recommendations set by the ASX Corporate Governance Council during the reporting period. If the entity has not followed a recommendation for any part of the reporting period, its corporate governance statement must separately identify that recommendation and the period during which it was not followed and state its reasons for not following the recommendation and what (if any) alternative governance practices it adopted in lieu of the recommendation during that period.

Under Listing Rule 4.7.4, if an entity chooses to include its corporate governance statement on its website rather than in its annual report, it must lodge a copy of the corporate governance statement with ASX at the same time as it lodges its annual report with ASX. The corporate governance statement must be current as at the effective date specified in that statement for the purposes of Listing Rule 4.10.3.

Under Listing Rule 4.7.3, an entity must also lodge with ASX a completed Appendix 4G at the same time as it lodges its annual report with ASX. The Appendix 4G serves a dual purpose. It acts as a key designed to assist readers to locate the governance disclosures made by a listed entity under Listing Rule 4.10.3 and under the ASX Corporate Governance Council's recommendations. It also acts as a verification tool for listed entities to confirm that they have met the disclosure requirements of Listing Rule 4.10.3.

The Appendix 4G is not a substitute for, and is not to be confused with, the entity's corporate governance statement. They serve different purposes and an entity must produce each of them separately.

<sup>2</sup> Tick whichever option is correct and then complete the page number(s) of the annual report, or the URL of the web page, where your corporate governance statement can be found. You can, if you wish, delete the option which is not applicable.

<sup>3</sup> Throughout this form, where you are given two or more options to select, you can, if you wish, delete any option which is not applicable and just retain the option that is applicable. If you select an option that includes "OR" at the end of the selection and you delete the other options, you can also, if you wish, delete the "OR" at the end of the selection.

See notes 4 and 5 below for further instructions on how to complete this form.

**ANNEXURE A – DEFINITION OF INDEPENDENCE**

---

Examples of interests, positions and relationships that might raise issues about the independence of a Director include if the Director:

- (a) is, or has been, employed in an executive capacity by the Company or any of its child entities and there has not been a period of at least three years between ceasing such employment and serving on the Board;
- (b) receives performance-based remuneration (including options or performance rights), or participates in an employee incentive scheme of the Company;
- (c) is, or has been within the last three years, in a material business relationship (eg as a supplier, professional adviser, consultant or customer) with the Company or any of its child entities, or is an officer of, or otherwise associated with, someone with such a relationship;
- (d) is, represents, or is or has been within the last three years an officer or employee of, or professional adviser to, a substantial holder of the Company;
- (e) has close personal ties with any person who falls within any of the categories described above; or
- (f) has been a Director of the Company for such a period that their independence from management and substantial holders may have been compromised.

In each case, the materiality of the interest, position or relationship needs to be assessed by the Board to determine whether it might interfere, or might reasonably be seen to interfere, with the Director's capacity to bring an independent judgement to bear on issues before the Board and to act in the best interests of the Company as a whole rather than in the interests of an individual shareholder or other party.

---

### **1. Purpose**

The general rule, in accordance with ASX Listing Rule 3.1, is that once the Company becomes aware of any information concerning it that a reasonable person would expect to have a material effect on the price of value or the Company's securities, the Company must immediately disclose that information to the ASX.

The Company has in place written policies on information disclosure and relevant procedures for the preparation, verification and release of announcements and periodic corporate reports.

The focus of these policies and procedures is on continuous disclosure compliance providing clear, concise and effective disclosure and improving access to information for investors to assess the impact of the information when making decisions

### **2. Scope**

This Policy applies to all of the Company's Directors, officers and employees.

### **3. Responsibilities**

The Managing Director is responsible for determining whether or not information needs to be disclosed to the market.

The Directors are responsible for reviewing and commenting on material announcements prior to the disclosure being made.

All employees are responsible for understanding the Continuous Disclosure Policy. Employees must ensure that they comply with the Company's Code of Conduct and any other policies in respect of media contact and public comment.

### **4. Policy**

#### **4.1 Safeguarding confidentiality and avoiding the emergence of a false market**

Price sensitive information is publicly released through ASX before it is disclosed to shareholders and market participants. Distribution of other information to shareholders and market participants is also managed through disclosure to the ASX. The importance of safeguarding the confidentiality of corporate information to avoid premature disclosure is paramount.

All Employees are advised of the confidentiality of Company information. This includes keeping confidential all information about the Company and its related companies to which Employees have access, and which is not already public, for example, any material transactions or negotiations the Company is involved in. Employees should immediately report to the Managing Director any instances where there has been a breach of the confidentiality of Company information for any reason whatsoever.

---

Employees are reminded not to read confidential documents about the Company or its related companies in public places or have confidential discussions about the Company or its related companies in places that you could be overheard by others. Employees are also reminded that if confidential information is market sensitive information, it is "inside information" and trading in the Company's securities when in possession of such information is prohibited. Refer to the Company's Security Trading Policy for more detail.

Information is posted on the Company's website after the ASX confirms an announcement has been made, with the aim of making the information readily accessible to the widest audience.

If the ASX considers that there is, or is likely to be, a false market in the Company's securities and asks the Company to give the ASX information to correct or prevent a false market, the Company must immediately give that information to the ASX. This obligation arises even if the Company considers that an exception to continuous disclosure obligation applies. All announcements (and media releases) must be:

- (a) prepared in compliance with ASX Listing Rules continuous disclosure requirements;
- (b) factual and not omit material information; and
- (c) expressed in a clear and objective manner to allow investors to assess the impact of the information when making investment decisions.

#### **4.2 ASX announcements**

The Company's protocol in relation to the review and release of ASX announcements (and media releases) is as follows:

- (a) all key announcements at the discretion of the Managing Director are to be circulated to and reviewed by all members of the Board;
- (b) all members of the Board are required to seek to provide their Managing Director (or in their absence, the Company Secretary) with verbal or written contribution of each key announcement, prior to its release. Where the urgency of the subject matter precludes reference to the full Board, an announcement within this category may be approved by the Directors who are available. It is specifically acknowledged that where a continuous disclosure obligation arises, disclosure cannot be delayed to accommodate the availability of Board members;
- (c) any relevant parties named in the announcement should also be given the opportunity to review the announcement prior to its release, to confirm all information is factually correct; and
- (d) all members of the Board will receive copies of all material market announcements promptly after they have been made.

Information is posted on the Company's website after the ASX confirms an announcement has been made, with the aim of making the information readily accessible to the widest audience.

The Company Secretary is to maintain a copy of all announcements released.

#### **4.3 Analyst briefings**

The Company holds briefing sessions with analysts, investors and media groups. Only authorised Company spokespersons may conduct such sessions and all sessions will be conducted in accordance with the Company's continuous disclosure obligations.

Any new and substantive investor or analyst presentation will be released on the ASX Market Announcements Platform ahead of the presentation. Where practicable, the Company should consider providing shareholders the opportunity to participate in such presentations.

#### **4.4 Media contact and comment**

The Board has designated the Managing Director to speak to the media, analysts, brokers, shareholders and other external parties on behalf of the Company. In speaking to such

---

parties, the Managing Director must ensure there is no disclosure of, or comment on, market sensitive information until that information has been released publicly through the ASX. To assist in safeguarding against the inadvertent disclosure of price sensitive information, the Managing Director will be informed of what the Company has previously disclosed to the market on any issue prior to briefing anyone outside the Company

If you are requested to make a comment or answer a question from the media, an analyst, broker, shareholder or other external party, you must advise the person that you are not authorised to speak on behalf of the Company and refer the inquiry to the Managing Director. When talking with brokers, analysts and shareholders, only information which has been released to the market can be discussed.

## **5. Breach of this Policy**

If there is a breach of this Policy, the person who becomes aware of the breach must immediately notify the Company Secretary and/or Managing Director. The Company Secretary and/or Managing Director must then take such steps as are required to remedy the breach as soon as possible. Where the breach relates to a leak or suspected leak of confidential information, the Company Secretary and/or Managing Director will investigate the leak or suspected leak. The steps taken and the results of the investigation will be documented.

A person involved in a Company's contravention of the continuous disclosure provisions can be held personally liable for the contravention. In addition, other penalties as prescribed under the Corporations Act may be incurred by the Company. For these reasons, it is important that you take your responsibilities in relation to continuous disclosure seriously. If you have any questions about this Policy or your obligations under it, you should talk to the Company Secretary and/or Managing Director.

## **6. Monitoring and Review**

- (a) The Board will monitor the content, effectiveness and implementation of this Policy on a regular basis to ensure that it is operating effectively and whether any changes are required.
  - (b) Any updates or improvements identified will be addressed as soon as possible.

## SCHEDULE 9 – RISK MANAGEMENT POLICY

---

### 1. Purpose

Recognising and managing risk is fundamental to the Company achieving its strategic objectives, and a crucial part of the role of the Board and management. Sound risk management practices can not only help to protect established value, but also can assist in identifying and capitalising on opportunities to create value.

This Policy sets out the Company's approach to risk management and the responsibilities of the Board, management and others within the Company in relation to risk management. The Company has designed its risk management framework to ensure that risks are identified, understood, managed and minimised to the extent relevant to the sector in which it operates.

### 2. Scope

This Policy applies to all of the Company's Directors, officers and employees.

### 3. Responsibilities

The Board determines the Company's "risk profile" and is responsible for establishing, overseeing and approving the Company's risk management framework, strategy and policies, internal compliance and internal control.

The Board has delegated to the audit and risk committee (or in its absence, the Board itself) responsibility for implementing the risk management system.

The Audit and Risk Committee will submit particular matters to the Board for its approval or review. Among other things it will:

- (a) oversee and periodically review the Company's risk management framework, systems, practices and procedures to ensure effective risk identification and management and compliance with the risk appetite set by the Board, internal guidelines and external requirements;
- (b) assist management to determine whether it has any material exposure to environmental or social risks (as those terms are defined in the ASX Recommendations:
  - (i) if it does, how it manages, or intends to manage, those risks; and
  - (ii) if it does not, report the basis for that determination to the Board, and where appropriate benchmark the Company's environmental or social risk profile against its peers;
- (c) consider whether the Company has a material exposure to climate change risk;
- (d) assist management to determine the key risks to the businesses and prioritise work to manage those risks;

- (f) review reports by management on the efficiency and effectiveness of risk management and associated internal compliance and control procedures.

The responsibility for undertaking and assessing risk management and internal control effectiveness is delegated to management. Management is required to assess risk management and associated internal compliance and control procedures and report, at least annually, to the audit and risk committee.

All employees should recognise, communicate and respond to material business risks and participate in the implementation of this Policy.

---

## **4. Risk Management Framework**

### **4.1 Risk Appetite**

The Board is responsible for deciding the nature and extent of the risks it is prepared to take to meet its objectives (**Risk Appetite**).

The Company generally has a cautious risk appetite and its risk management framework is designed to ensure that risks are understood, managed and minimised relative to the sector in which it operates.

### **4.2 Risk Identification**

The risks faced by the Company will be identified and documented in a risk register. The Company's material risks fall into the following categories:

- (a) Compliance, legal and regulatory;
- (b) Economic and political;
- (c) Environmental, social and sustainability;
- (d) External;
- (e) Financial;
- (f) Fraud and corruption;
- (g) Governance;
- (h) Health and safety;

### **4.3 Risk Analysis and Evaluation**

Once identified in the risk register, the impact of each risk is analysed and an assessment made as to the likelihood of the risk eventuating. Existing controls in relation to the relevant risk are considered and their effectiveness evaluated. Where the level of risk is above the desired level for the Company, further controls may be considered to address the risk.

The Company's process of risk management and internal compliance and control includes:

- (a) identifying and measuring risks that might impact upon the achievement of the Company's goals and objectives, and monitoring the environment for emerging factors and trends that affect these risks;
  - (b) formulating risk management strategies to manage identified risks, and designing and implementing appropriate risk management policies and internal controls; and

- (a) compliance with applicable laws and regulations;
- (b) preparation of reliable published financial information;
- (c) verifying the integrity of the Company's periodic reports which are not audited or reviewed by an external auditor, to satisfy the Board that each periodic report is materially accurate, balanced and provides investors with appropriate information to make informed investment decisions; and
- (d) implementation of risk transfer strategies where appropriate eg insurance.

#### **4.4 Monitoring, review and disclosure**

The Company acknowledges that its risk management framework will evolve with the development and growth of the Company's activities. The Board will review assessments of the effectiveness of risk management and internal compliance and control at least annually.

The Company must disclose at least annually whether the Board (or a committee of the Board) has completed a review of the Company's risk management framework to satisfy itself that the framework:

- (a) continues to be sound;
- (b) ensures that the Company is operating with due regard to the risk appetite set by the Board; and

#### **5. Monitoring and Review**

## SCHEDULE 10 – TRADING POLICY

---

### 1. Purpose

These guidelines set out the Policy on the sale and purchase of securities in the Company by its Key Management Personnel (as defined in the ASX Listing Rules).

Key Management Personnel are those persons having authority and responsibility for planning, directing and controlling the activities of the entity, directly or indirectly, including any Director (whether executive or otherwise) of that entity.

The Company has determined that its Key Management Personnel are:

- (a) its Directors; and
- (b) its executives and employees directly reporting to either the Managing Director or to the CEO who have the authority and responsibility for planning, directing and controlling the activities of the entity.

Key Management Personnel are encouraged to be long-term holders of the Company's securities. However, it is important that care is taken in the timing of any purchase or sale of such securities.

The purpose of these guidelines is to assist Key Management Personnel to avoid conduct known as 'insider trading'. In some respects, the Company's Policy extends beyond the strict requirements of the *Corporations Act 2001* (Cth).

### 2. Scope

This Policy applies to both the sale and purchase of any securities of the Company and its subsidiaries on issue from time to time.

### 3. What is insider trading?

#### 3.1 Prohibition

Insider trading is a criminal offence. It may also result in civil liability. In broad terms, a person will be guilty of insider trading if:

- (a) that person possesses information, which is not generally available to the market and if it were generally available to the market, would be likely to have a material effect on the price or value of the Company's securities (ie information that is 'price sensitive'); and
- (b) that person:
  - (i) buys or sells securities in the Company; or
  - (ii) procures someone else to buy or sell securities in the Company; or
  - (iii) passes on that information to a third party where that person knows, or ought reasonably to know, that the third party would be likely to buy or sell the securities or procure someone else to buy or sell the securities of the Company.

#### 3.2 Examples

To illustrate the prohibition described above, the following are possible examples of price sensitive information which, if made available to the market, may be likely to materially affect the price of the Company's securities:

- (a) the Company considering a major acquisition;
  - (b) the threat of major litigation against the Company;
  - (c) the Company's revenue and profit or loss results materially exceeding (or falling short of) the market's expectations;
  - (d) a material change in debt, liquidity or cash flow;
-

- (e) a significant new development proposal (e.g. new product or technology);
- (f) the grant or loss of a major contract;
- (g) a management or business restructuring proposal; and
- (h) a share issue proposal.

### **3.3 Dealing through third parties**

The insider trading prohibition extends to dealings by individuals through nominees, agents or other associates, such as family members, family trusts and family companies (referred to as “**Associates**” in these guidelines).

### **3.4 Information however obtained**

It does not matter how or where the person obtains the information – it does not have to be obtained from the Company to constitute inside information.

### **3.5 Employee share schemes**

The prohibition does not apply to acquisitions of shares or options by employees made under employee share or option schemes, nor does it apply to the acquisition of shares as a result of the exercise of options under an employee option scheme. However, the prohibition does apply to the sale of shares acquired under an employee share scheme and also to the sale of shares acquired following the exercise of an option granted under an employee option scheme.

## **4. Guidelines for trading in the Company’s securities**

### **4.1 General rule**

Key Management Personnel must not, except as set out in clause 5.5 of this policy, either personally or through their Associates, deal in securities of the Company during the following periods:

- (a) two weeks prior to, and 48 hours after the release of the Company’s Annual Report;
- (b) two weeks prior to, and 48 hours after the release of the Half Year Report of the Company; and
- (c) two weeks prior to, and 48 hours after the release of the Company’s quarterly reports (if applicable),

(together the **Closed Periods**).

The Company may at its discretion vary this rule in relation to a particular Closed Period by general announcement to all Key Management Personnel either before or during the Closed Periods. However, if a Key Management Personnel is in possession of price sensitive information which is not generally available to the market, then they must not deal in the Company’s securities at **any** time it is in possession of such information.

### **4.2 No short-term trading in the Company’s securities**

Key Management Personnel should never engage in short-term trading of the Company’s securities except for the exercise of options where the shares will be sold shortly thereafter.

### **4.3 Securities in other companies**

Buying and selling securities of other companies with which the Company may be dealing is prohibited where an individual possesses information which is not generally available to the market and is ‘price sensitive’. For example, where an individual is aware that the Company is about to sign a major agreement with another Company, they should not buy securities in either the Company or the other Company.

### **4.4 Exceptions**

- (a) Key Management Personnel may at any time:
-

- (i) acquire ordinary shares in the Company by conversion of securities giving a right of conversion to ordinary shares;
  - (ii) acquire Company securities under a bonus issue made to all holders of securities of the same class;
  - (iii) acquire Company securities under a dividend reinvestment, or top-up plan that is available to all holders of securities of the same class;
  - (iv) acquire, or agree to acquire or exercise options under an employee incentive scheme (as that term is defined in the ASX Listing Rules);
  - (v) withdraw ordinary shares in the Company held on behalf of the Key Management Personnel in an employee incentive scheme (as that term is defined in the ASX Listing Rules) where the withdrawal is permitted by the rules of that scheme;
  - (vi) acquire ordinary shares in the Company as a result of the exercise of options held under an employee option scheme;
  - (vii) transfer securities of the Company already held into a superannuation fund or other saving scheme in which the restricted person is a beneficiary;
  - (viii) make an investment in, or trade in units of, a fund or other scheme (other than a scheme only investing in the securities of the Company) where the assets of the fund or other scheme are invested at the discretion of a third party;
  - (ix) where a restricted person is a trustee, trade in the securities of the Company by that trust, provided the restricted person is not a beneficiary of the trust and any decision to trade during a prohibited period is taken by the other trustees or by the investment managers independently of the restricted person;
  - (x) undertake to accept, or accept, a takeover offer;
  - (xi) trade under an offer or invitation made to all or most of the security holders, such as a rights issue, a security purchase plan, a dividend or distribution reinvestment plan and an equal access buy-back, where the plan that determines the timing and structure of the offer has been approved by the Board. This includes decisions relating to whether or not to take up the entitlements and the sale of entitlements required to provide for the take up of the balance of entitlements under a renounceable pro rata issue;
  - (xii) subject to clause 4.6, dispose of securities of the Company resulting from a secured lender exercising their rights, for example, under a margin lending arrangement;
  - (xiii) exercise (but not sell securities following exercise) an option or a right under an employee incentive scheme, or convert a convertible security, where the final date for the exercise of the option or right, or the conversion of the security, falls during a prohibited period or the Company has had a number of consecutive prohibited periods and the restricted person could not reasonably have been expected to exercise it at a time when free to do so; or
  - (xiv) trade under a non-discretionary trading plan for which prior written clearance has been provided in accordance with procedures set out in this Policy.
- (b) In respect of any share or option plans adopted by the Company, it should be noted that it is not permissible to provide the exercise price of options by selling the shares acquired on the exercise of these options unless the sale of those shares occurs outside the periods specified in paragraph 4.1.
-

Were this is to occur at a time when the person possessed inside information, then the sale of Company securities would be a breach of insider trading laws, even though the person's decision to sell was not influenced by the inside information that the person possessed and the person may not have made a profit on the sale. Where Company securities are provided to a lender as security by way of mortgage or charge, a sale that occurs under that mortgage or charge as a consequence of default would not breach insider trading laws.

#### **4.5 No hedging**

Key Management Personnel (and any closely related party of such person) and any other employees who participate in equity-based remuneration schemes must not, without prior written approval by the relevant person specified in paragraph 5.1, engage in hedging arrangements, deal in derivatives or enter into other arrangement which vary economic risk related to Company securities including, for example, dealing in warrants, equity swaps, put and call options, contracts for difference and other contracts intended to security a profit or avoid a loss based on fluctuations in the price of Company securities. This provision includes engaging in hedging or other arrangements that would have the effect of limiting the economic risk in connection with the Company securities including securities which are unvested, subject to a holding lock or issued pursuant to an equity-based remuneration scheme.

#### **4.6 No margin lending**

Key Management Personnel must not, without prior written approval by the relevant person specified in paragraph 5.1, enter into margin loans or other secured lending arrangements. This provision includes entering into a margin or secured lending arrangement in respect of the Company's securities, transferring Company securities into an existing margin loan account and selling Company securities to satisfy a call made pursuant to a margin loan, except where the Key Management Personnel has no control over such sale.

#### **4.7 Notification of periods when Key Management Personnel are not permitted to trade**

The Company Secretary will endeavour to notify all Key Management Personnel of the times when they are not permitted to buy or sell the Company's securities as set out in paragraph 4.1.

### **5. Approval and Notification Requirements**

#### **5.1 Approval requirements**

- (a) Any Key Management Personnel (other than the Chairperson of the Board) wishing to buy, sell or exercise rights in relation to the Company's securities (either personally or through their Associates) must obtain the prior written approval of the Chairperson of the Board or the Board before doing so.
- (b) If the Chairperson of the Board (either personally or through their Associates) wishes to buy, sell or exercise rights in relation to the Company's securities, the Chairperson of the Board must obtain the prior approval of the Board before doing so.

#### **5.2 Approvals to buy or sell securities**

- (a) All requests to buy or sell securities as referred to in paragraph 5.1 must include the intended volume of securities to be purchased or sold and an estimated time frame for the sale or purchase.
- (b) Copies of written approvals must be forwarded to the Company Secretary prior to the approved purchase or sale transaction.

#### **5.3 Notification**

Subsequent to approval obtained in accordance with paragraphs 5.1 and 5.1(a), any Key Management Personnel who (or through their Associates) buys, sells, or exercises rights in relation to Company securities **must** notify the Company Secretary in writing of the details of the transaction within two (2) business days of the transaction occurring. This notification obligation **operates at all times** and includes applications for acquisitions of shares or

---

options by employees made under employee share or option schemes and also applies to the acquisition of shares as a result of the exercise of options under an employee option scheme.

#### **5.4 Key Management Personnel sales of securities**

Key Management Personnel need to be mindful of the market perception associated with any sale of Company securities and possibly the ability of the market to absorb the volume of shares being sold. With this in mind, the management of the sale of any significant volume of Company securities (ie a volume that would represent a volume in excess of 10% of the total securities held by the seller prior to the sale, or a volume to be sold that would be in excess of 10% of the average daily traded volume of the shares of the Company on the ASX for the preceding 20 trading days) by a Key Management Personnel needs to be discussed with the Board and the Company's legal advisers prior to the execution of any sale. These discussions need to be documented in the form of a file note, to be retained by the Company Secretary.

#### **5.5 Exemption from Closed Periods restrictions due to severe financial hardship or exceptional circumstance**

Key Management Personnel who are not in possession of inside information in relation to the Company, may be given prior written clearance by the Managing Director (or in the case of the Managing Director, by all other members of the Board) to sell or otherwise dispose of Company securities in a Closed Period where the person is in severe financial hardship or where there are exceptional circumstances as set out in this Policy.

##### **(a) Exceptional circumstances**

The determination of whether exceptional circumstances apply to Key Management Personnel will be made by the Managing Director (or in the case of the Managing Director, by all other members of the Board).

An exceptional circumstances determination can only be made by examining all of the facts and if necessary obtaining independent verification of the facts from banks, accountants or other like institutions.

Exceptional circumstances may apply to the disposal of Company securities by a Key Management Personnel if the person is required by a court order or a court enforceable undertaking (for example in a bona fide family settlement), to transfer or sell securities of the Company, or there is some other overriding legal or regulatory requirement to do so.

Any application for an exemption allowing the sale of Company securities in a Closed Period based on exceptional circumstances must be made in writing and be accompanied by relevant court and/or supporting legal documentation (where applicable).

Any exemption, if issued, will be in writing and shall contain a specified time period during which the sale of securities can be made.

##### **(b) Financial hardship**

The determination of whether a Key Management Personnel is in severe financial hardship will be made by the Managing Director (or in the case of the Managing Director, by all other members of the Board).

A financial hardship determination can only be made by examining all of the facts and if necessary obtaining independent verification of the facts from banks, accountants or other like institutions.

Key Management Personnel may be in severe financial hardship if they have a pressing financial commitment that cannot be satisfied other than by selling the securities of the Company.

In the interests of an expedient and informed determination by the Managing Director (or all other members of the Board as the context requires), any application for an exemption allowing the sale of Company securities in a Closed Period based on financial hardship must be made in writing stating all of the facts

---

and be accompanied by copies of relevant supporting documentation, including contact details of the person's accountant, bank and other such independent institutions (where applicable).

Any exemption, if issued, will be in writing and shall contain a specified time period during which the sale of securities can be made.

**6. ASX notification for Directors**

The ASX Listing Rules require the Company to notify the ASX within 5 business days after any dealing in securities of the Company (either personally or through an Associate) which results in a change in the relevant interests of a Director in the securities of the Company. The Company has made arrangements with each Director to ensure that the Director promptly discloses to the Company Secretary all the information required by the ASX.

**7. Breaches of this Policy**

Strict compliance with this Policy is a condition of employment or engagement by the Company. Breaches of this Policy will be regarded as serious misconduct and may lead to disciplinary action, which may include termination of employment or engagement by the Company.

**8. Effect of Compliance with this Policy**

Compliance with these guidelines for trading in the Company's securities does not absolve that individual from complying with the law, which must be the overriding consideration when trading in the Company's securities.

**9. Monitoring and Review**

The Board will monitor the content, effectiveness and implementation of this Policy on a regular basis. Any updates or improvements identified will be addressed as soon as possible.

## 6.2 Making a Report

### (a) Who to report to?

The Company encourages reports of Reportable Matters to be made to any of the following recipients (as appropriate in the circumstances) **(Recipients)**:

- (i) to the Whistleblower Protection Officer;
- (ii) to the relevant supervisor, senior manager or officer in the Company who makes, or participates in making, decisions that affect the whole, or a substantial part of, the business of the Company, or who has the capacity to affect significantly the Company's financial standing;
- (iii) to the chair of the Audit and Risk Committee;
- (iv) any member of the Board;
- (v) the Company Secretary;
- (vi) the Company's General Counsel; or
- (vii) an external whistleblowing service provider.

The contact details of the Recipients can be found on the Company's intranet. Reports can be made by email, telephone, in person or online.

The Company recognises that there may be issues of sensitivity whereby a Discloser does not feel comfortable to make a report to an internal recipient. In such cases, the Discloser may feel more comfortable making an anonymous disclosure to an external recipient.

Nothing in this Policy (including anonymous reporting) should be taken in any way as restricting someone from reporting any matter or providing any information to a regulator (such as ASIC, the APRA, Commissioner), the Company's auditor or a member of the audit team, a lawyer (to obtain advice or representation) or any other person in accordance with any relevant law, regulation or other requirement. Information in relation to whistleblowing is available from such regulators and can generally be downloaded on their website.

### (a) Anonymous reports

The Company also appreciates that speaking up can be difficult. Reports can be made anonymously or using a pseudonym and still be protected. A Discloser can refuse to answer questions that could reveal their identity. While reports can be made anonymously, it may affect the ability to investigate the matter properly and to communicate with the Discloser about the report. Anonymous Disclosers should therefore attempt to maintain two-way communication as far as possible.

(b) **Information to include in the report**

As much information should be included in the report as possible including details of the Reportable Matter, people involved, dates, locations and whether more evidence may exist.

Disclosers will be expected to have reasonable grounds to believe the information being disclosed is true (which will be based on the objective reasonableness of the reasons for the Discloser's suspicions) but the Discloser will not be penalised and may still qualify for protection if the information turns out to be incorrect should they have such reasonable grounds. However, any deliberate false reporting will not qualify for protection under this Policy and will be treated as a serious matter and may be subject to disciplinary action.

(c) **Questions**

Personnel who are unsure about how this Policy works, what is covered by the Whistleblower Policy or how a disclosure may be handled are encouraged to speak with the Whistleblower Protection Officer in the first instance.

### **6.3 Investigating a Report**

(a) **Who will investigate?**

An appropriate investigator (or investigators) may be appointed to investigate any reports made under this Policy. An investigator will be independent of the Discloser and individuals who are the subject of the disclosure and the department or business unit involved. Possible investigators include:

- (i) the Whistleblower Investigating Officer;
- (ii) the Whistleblower Protection Officer;
- (iii) a relevant supervisor, senior manager or officer in the Company who makes, or participates in making, decisions that affect the whole, or a substantial part of, the business of the Company, or who has the capacity to affect significantly the Company's financial standing;
- (iv) the chair of the Audit and Risk Committee;
- (v) any member of the Board;
- (vi) the Company Secretary;
- (vii) the Company's General Counsel; or
- (viii) an independent adviser.

Where a Reportable Matter relates to the Managing Director, Chief Executive Officer, Whistleblower Protection Officer, Whistleblower Investigating Officer or a Director of the Company, the matter will be referred directly to the Chair of the Audit and Risk Committee, the Company's General Counsel or other appropriate person.

(b) **How will the investigation be conducted?**

Any matters reported under this Policy will be considered and a determination will be made as to whether the disclosure falls within the scope of this Policy. If so, the matter will be investigated as soon as practicable after the matter has been reported. The investigation process will be conducted in a thorough, fair, objective and independent manner (while preserving confidentiality) and will depend on the precise nature of the conduct being investigated. Due care and appropriate speed will be taken and reported information will be verified and relevant personnel interviewed as part of the investigative process. The Company may seek independent advice as necessary.

The Discloser may be asked for further information, will be given regular and appropriate updates in the circumstances and will be advised of any outcomes

---

from the investigation (subject to considerations of privacy and confidentiality). Any updates or outcomes will be advised by reasonable means.

Anonymous reports will be investigated based on the information provided and may be limited if the Discloser has refused or omitted to provide contact details.

At the end of the investigation, the relevant investigating officer will report their findings to the Company's General Counsel / the chair of the Audit and Risk Committee / Chair of the Board / or the appropriate person who will determine the appropriate response. This may include rectifying any unacceptable conduct and taking any action required to prevent future occurrences of the same or similar conduct as well as disciplinary action if necessary. The identity of the Discloser will be redacted from any written investigation reports unless they have consented to disclosure of their identity.

The Discloser may lodge a complaint with a regulator if they are not happy with an outcome of the investigation or if they consider that this Policy has not been adhered to adequately.

## **6.4 Support and Protections**

### **(a) Identity Protection (Confidentiality) for Disclosers**

The identity of and information likely to lead to the identification of a Discloser will be kept confidential, however a disclosure can be made:

- (i) if the Discloser consents;
- (ii) to ASIC, APRA, the Commissioner or a member of the AFP;
- (iii) to a lawyer for the purpose of obtaining legal advice or representation;  
or
- (iv) if the disclosure is allowed or required by law.

During the course of an investigation, the Company will take reasonable steps to reduce the risk of disclosing information that could identify the Discloser (including redacting all personal information or references to the Discloser, restricting the number of people involved in handling and investigating the disclosure and ensuring secure and confidential email communication in relation to the investigation). Note however, that in practice, people may be able to guess the Discloser's identity if the Discloser has mentioned their intention to make a disclosure; the Discloser is one of a very small number of people with access to the information; or the disclosure relates to information that a Discloser has previously been told privately and in confidence.

Unauthorised disclosure of:

- (i) the identity of a Discloser who has made a report of a Reportable Matter; or
- (ii) information from which the identity of the Discloser could be inferred,

may be an offence under Australian law, will be regarded as a disciplinary matter and will be dealt with in accordance with the Company's disciplinary procedures.

A Discloser may lodge a complaint about a breach of confidentiality with the Company or a regulator.

### **(b) Protection from detriment for Disclosers**

A Discloser who makes a report under this Policy shall not suffer detriment (either actual or threatened). Examples of actual or threatened detriment include:

- (i) harassment (including sexual harassment), intimidation, victimisation, bias or discrimination;
  - (ii) dismissal of an employee or varying an employee's position or duties;
-

- (iii) causing physical or psychological harm or injury; or
- (iv) damage to a person's property, reputation, business or financial position or any other damage.

Certain actions will not constitute detrimental conduct such as:

- (i) administrative action that is reasonable for the purpose of protecting a Discloser from detriment (eg moving a Discloser who has made a disclosure about their immediate work area to another area to prevent them from detriment); and
- (ii) managing a Discloser's unsatisfactory work performance, if the action is in line with the Company's performance management framework.

The Company will take all steps to protect Disclosers from any form of detrimental treatment and may ensure that a risk assessment is carried out to determine the risk of detriment.

Anyone who retaliates against someone who has reported a possible violation may be subject to discipline by the Company or penalties under the Corporations Act, Taxation Act or other Australian law.

Anyone who is subjected to detriment as a result of making a report under this Policy should report it in accordance with clause 6.2.

A Discloser (or any other employee or person) can seek compensation or other remedies through the courts if:

- (i) they suffer loss, damage or injury because of a disclosure; and
- (ii) the Company failed to prevent a person from causing the detriment.

A Discloser may seek independent legal advice or contact a regulatory body if they believe they have suffered detriment.

(c) **Other protections available to Disclosers**

Additional protections will be offered by the Company depending on the Reportable Matter and the people involved. Protections may include but are not limited to:

- (i) monitoring and managing behaviour of other employees;
- (ii) offering support services (including counselling or other professional or legal services);
- (iii) implementing strategies to help minimise and manage stress; time or performance impacts; or other challenges resulting from the disclosure or the investigation;
- (iv) where practicable, relocating employees to a different group or office or to another role or making modifications to the employee's workplace or the way they perform their duties;
- (v) offering a leave of absence or flexible workplace arrangements during the course of an investigation; or
- (vi) rectifying any detriment suffered.

In addition, current and former employees may also request additional support from the Whistleblower Protection Officer if required.

Whilst the Company will endeavour to support all Disclosers, it will not be able to provide the same sort of practical support to each Discloser. Therefore, the processes in this Policy will be adapted and applied to the extent reasonably possible.

(d) **Fair treatment of those mentioned in a disclosure**

---

The Company will ensure fair treatment of officers and employees of the Company who are mentioned in any disclosure, and to whom any disclosures relate. The disclosure will be handled confidentially and will be assessed and may be subject to investigation. If an investigation is required, it will be conducted in an objective, fair and independent manner. Such employees will be advised of the subject matter of the disclosure at the appropriate time and as required by law and will be advised of the outcome of the investigation. An employee who is the subject of a disclosure may contact the Company's support services.

(e) **Files and Records**

The Company will ensure that any records relating to any reports made under this Policy are stored securely and only accessed by authorised personnel directly involved in managing and investigating the report. All those involved in handling and investigating reports will be reminded about confidentiality requirements including that an unauthorised disclosure of a Discloser's identity may be a criminal offence.

(f) **Special legal protections under the Corporations Act and the Taxation Act**

Whilst this Policy deals with internal disclosures of information, additional legal protections are available for certain Disclosers under the Corporations Act and the Taxation Act provided the disclosure is about a "disclosable matter" or "tax affair" as defined under such legislation and certain conditions are met. These are summarised in Annexures 1 and 2 respectively. Disclosures that are not about "disclosable matters" or "tax affairs" will not qualify for protection under the Corporations Act or Taxation Act. For more information, see the information available on the ASIC website and the ATO website.

## **7. Monitoring and Review**

- (a) Material breaches of this Policy will be reported to the Board or a committee of the Board.
  - (b) The Board, in conjunction with the Whistleblower Protection Officer / Audit and Risk Committee, will monitor the content, effectiveness and implementation of this Policy on a regular basis. There may also be independent reviews taken from time to time. Any findings, updates or improvements identified will be addressed as soon as possible and circulated to all officers and employees.
  - (c) Officers and employees are invited to comment on this Policy and suggest ways in which it might be improved. Comments, suggestions and queries should be addressed to the Board.

Note that before such public interest disclosure is made, the discloser must have given written notice to the relevant regulatory body. Such notice must include sufficient information to identify the previous disclosure and must state that the discloser intends to make the public disclosure if appropriate steps are not taken.

Disclosers are advised to contact the Company's Whistleblower Protection Officer or an independent legal adviser to ensure they understand the criteria for making an emergency or public interest disclosure that qualifies for protection.

Personal work-related grievances (as defined in the Corporations Act) will not be protected to the extent that the information disclosed does not concern a contravention, or an alleged contravention, of the prohibition on victimisation under the Corporations Act that involves detriment caused to the discloser or a threat made to the discloser.

However, a personal work-related grievance will still qualify for protection if:

- (i) it includes information about misconduct, or information about misconduct includes or is accompanied by a personal work-related grievance (mixed report);

This Policy applies to all Personnel, including Directors, temporary staff and contractors, and Business Associates of the Company. This Policy supplements, and does not replace, the Code of Conduct applicable to the Company and any of its subsidiaries.

This Policy applies globally. To the extent that local laws, codes of conduct or other regulations (**Local Laws**) in any countries are more rigorous or restrictive than this Policy, those Local Laws should be followed by any subsidiary operating in that country. Where a country has specific bribery and corruption Local Laws which are less rigorous than this Policy, this Policy prevails. The Company may, from time to time, provide country-specific directions for subsidiaries operating in countries outside of Australia.

This Policy sets out the Company's requirements in relation to interactions with Officials and Third Parties. This Policy does not prohibit interactions with Officials, rather it forbids corrupt interactions with those individuals.

In this Policy, references to the Company includes references to the Company and all of its subsidiaries.

### 4. Responsibilities

- (a) The Company's Board is responsible for the overall administration of this Policy. -

- (b) The Company's corporate values require that in all aspects of business all Personnel act honestly, adhere to the highest ethical standards, and act in compliance with all relevant legal requirements. In this respect Personnel must not engage in Bribery or any other form of Corruption.
- (c) The prohibition of Bribery under this Policy includes the provision or conveying of an Item of Value to any Third Party, Official or family members of Officials, whether directly or indirectly, to secure any improper advantage or to obtain or retain business. This means that Personnel must not:
  - (i) offer, promise or give an Item of Value with the intention of influencing an Official or Third Party who is otherwise expected to act in good faith or in an impartial manner, to do or omit to do anything in the performance of their role or function, in order to provide the Company with business or an improper advantage; or
  - (ii) authorise the payment or provision of Items of Value to any other person, if it is known, or reasonably should have been known, that any portion of that payment or Item of Value will be passed onto an Official or Third Party to secure an improper advantage or obtain or retain business; or

This Policy does not seek to curtail an individual's freedom to make political contributions in their personal capacity.

The context of any other political contributions is key in determining their appropriateness. For instance, it is permissible for the Company to make a payment to attend a political function in circumstances where such payment could not be construed as an attempt to influence the political party.

If you are in any doubt as to the appropriateness of any political contribution, you should consult the Board before it is given or accepted or otherwise as soon as possible.

(b) **Charitable Donations**

The Company can only make charitable donations that are legal and ethical under Local Laws and practices. A list of approved charitable organisations is to be maintained by the Board and provided upon request.

(c) **Sponsorships**

Sponsorships differ from charitable donations in that, apart from providing a benefit to the organisation, event or activity being sponsored, they are also aimed at obtaining a marketing benefit for the Company. Sponsorships can create problems where they are seen to improperly induce or reward a discretionary favourable action or the exercise of influence.

The Company will not sponsor events or activities that are:

- (i) inconsistent with the Company's values or this Policy; or
- (ii) linked to any organisation or individuals that could bring the Company into disrepute.

## **6.6 Documentation and Recordkeeping**
